SUMMARY

Experienced Software Engineer with a strong background in React, JavaScript, PHP and Node.js, adept in developing frontend solutions. Possessing 2 years of hands-on experience in diverse frontend projects, I am now eager to transition into a role as a Frontend or Full-Stack Engineer in a dynamic mid-sized or large organization that fosters a culture of collaboration, continuous learning, and mentorship.

STRENGTHS AND INTERESTS

- **Frontend:** HTML5, CSS3, JavaScript, Typescript, Bootstrap, Tailwind, React Js, Redux, NextJS, CMS
- **Backend:** JavaScript, PHP, Node.js, Python, REST APIs, GraphQl
- **Databases:** MySQL, MongoDB
- **Technical Proficiency:** Windows, macOS, Linux, Microsoft Suite, Software Testing and Installation
- **Other:** SEO, Git, Figma, WordPress, Docker, Trello, Excellent communication, and collaborative skill

WORK EXPERIENCE

October 2024 – Present
Part-time Fullstack Web Developer   **INNER BALANCE MASSAGE THERAPY**
Skills: ReactJS, NextJS, Tailwind, React Use Hook Form, MongoDB, Javascript, Vercel, Github, Redux

- Improved website functionality to enhance user experience
- Enhanced online booking system for massages to streamline the process
- Created an admin dashboard for the business owner to monitor client bookings
- Implemented effective email marketing strategies to boost marketing efforts
- Currently leading efforts to improve SEO and develop impactful social media strategies for marketing purposes

January 2024 – April 2024
Volunteer - Frontend Engineer   **COIN BULLETIN**
Skills: ReactJS, NextJS, Javascript, Tailwind Vercel, Github

- Collaborated with the UI/UX design team to implement visually appealing and user-friendly interfaces for the "Read to Earn" and "Task to Earn" blockchain application.
- Integrated blockchain features, such as the "Read to Earn Coin" and "Task to Earn Points" functionalities, into the frontend to create a cohesive and efficient user interface.
- Ensured responsive design implementation to deliver a seamless and engaging user experience across various devices.
- Implemented a real-time leader board to display top users based on their earnings and contributions, thereby enhancing community engagement.
- Worked closely with the backend development team to establish smooth communication between the frontend and backend, ensuring the seamless operation of the entire application.

August 2023 – December 2023
FRONTEND WEB DEVELOPER   **CINAB ONLINE**
Skills: ReactJS, HTML, CSS3, Bootstrap, Javascript, Laravel, Github

- Collaborative Frontend Development: Enhanced the e-commerce website's frontend appearance through cross-functional collaboration, ensuring a visually appealing and user-friendly interface aligned with branding and UX goals.
- Email Newsletter Design and Development: Created engaging and responsive email newsletters that effectively conveyed promotions and messages, maximizing reach by ensuring compatibility across various email clients and devices.

- Site Functionality Optimization**:** Implemented and optimized website features to enhance user experience, utilizing frontend technologies for smooth navigation, interactivity, and overall functionality, with a focus on performance and responsiveness.

April 2023 – December 2023
FREELANCE WEB DESIGNER   **SAFIMART SOLUTIONS**
Skills: Wordpress, HTML, CSS3, ReactJS, Vercel, Github, Redux
- Expert Hosting Advisor: Offering in-depth guidance on hosting services, helping clients make informed decisions for their web infrastructure.
- WordPress Web Designer: Crafting visually appealing and user-friendly WordPress websites to captivate visitors and drive results.
- Customization Specialist (CSS, JavaScript, PHP): Tailoring WordPress websites to unique brand identities using CSS, JavaScript, and PHP for exceptional design and functionality.
- Ongoing Web Care: Providing consistent support, maintenance, and updates to ensure optimal performance and security for client websites.

September 2022 – September 2023
IT TECHNICIAN | DIGITAL MARKETING
- Innovative Web Design Leadership**:** Spearheaded the creation of Safimart's e-commerce website, employing cutting-edge technology and digital marketing strategies to elevate business and enhance online presence.
- Efficient POS Transition**:** Successfully streamlined operations by transitioning Safimart's two stores from manual bookkeeping to a streamlined Point of Sale (POS) system, improving efficiency and accuracy.
- Digital Content Optimization**:** Crafted and optimized digital content, significantly boosting brand visibility, customer engagement, and overall sales for Safimart.
- Expert ICT Support and Remote Enhancement**:** Provided top-notch technical support as an ICT technician, offering installation, troubleshooting, and repair services. Played a pivotal role in remotely enhancing digital presence and technology infrastructure to fuel Safimart's growth, ensuring clients received expert technical support regardless of their location.

August 2021 – September 2022
IT TECHNICIAN   **MANAM LIMITED**
- Oversaw end-to-end computer network operations, including installation, configuration, and troubleshooting, to ensure optimal performance.
- Executed prompt and effective repair of computer software and hardware, minimizing downtime, and resolving technical issues.
- Led and organized a team of technicians, managing daily client activities and ensuring efficient maintenance of work equipment.
- Provided ongoing technical support to clients, addressing queries related to website maintenance, troubleshooting, and hosting issues, fostering lasting client satisfaction.
- Utilized expertise in WordPress and Elementor to design visually appealing, functional, and responsive websites, enhancing user experience on all devices.
- Conducted remote support using TeamViewer and AnyDesk, ensuring timely assistance and issue resolution for clients.
- Developed engaging digital media content for product advertising on social media platforms, contributing to increased brand visibility and sales.

May 2020 – December 2020
IT TECHNICIAN | IT SALES   **AL-AMIN ELECTRONICS**

- Attend to walk-in customers by attending to their needs and selling them different products we sold.
- Installed and repaired both simple and complex computer software and hardware, resolving technical issues promptly to minimize downtime. Led a team of technicians, assigning daily client activities, and ensuring the efficient arrangement and maintenance of work equipment.
- Remotely assisted clients located at a distance using TeamViewer and AnyDesk, delivering timely support and troubleshooting services.
